Overdrafts

If Reliance Bank agrees, bank accounts that include an overdraft can switch using the Current Account Switch Service. And if you'd like to have an overdraft with your new bank account, speak to us before starting your switch. We will be able to advise if you're eligible for an overdraft, dependent on our lending criteria and your credit status.

Third-Party Provider (TPP) permissions

If you have given permissions to Third-Party Providers to make payments on your behalf, or to access your financial data, access to these services won't be transferred automatically to your new account as part of the Current Account Switch Service.

1. Before you close your old account, check whether you have any Third-Party Provider permissions set up and if so, who with.
2. Once your new account is open you can give your permission to the Third-Party Provider to access your new account by providing them with your new account details. You will need to contact the Third-Party Provider directly yourself to set this up.
3. If you are unsure as to whether your New Bank will support the Third-Party Provider permissions on your account, you will need to discuss this ahead of your switch with your New Provider who will be able to advise you of this.

Please check your new provider's terms and conditions for more information about Third Party Providers.

For business customers: Yes, so long as you have an annual turnover that does not exceed £6.5 million, and you employ fewer than 50 people. 2. *Can I switch my savings account?*

No, we can't switch savings accounts or ISAs.
